This letter is to serve as a recommendation for Inspiration Design Ltd. company and its manager Mrs. Parastoo Jafari, for cooperating with our company in the design of the above High -End Single Family project in West Vancouver.

Our company had the pleasure of working with Inspiration Design company for the last 2 years on a 4500 S.F. High End single Family, where they acted as the interior designer. They also assisted us in designing the exterior of the building and they helped us during construction by directly assisting us through many site visits at the job site.

Parastoo Jafari, the manager of Inspiration Design, has a Ph.D and a master degree in architecture and has an extensive experience working with variety of construction systems and materials. She also has a creative mind and her ideas were used in the project for completion of the interior layout and the elevations of the building.

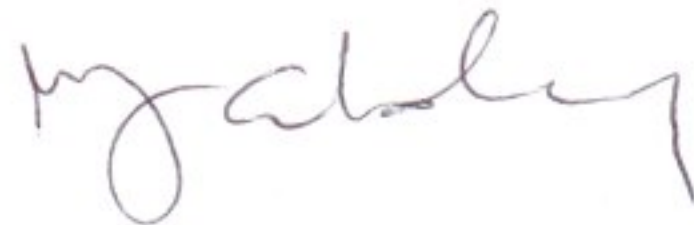

Parastoo's attention to details, impeccable organizational skills, ability to understand the issues, flexibility, work ethics and can do attitude has resulted in delivering a quality work and helped us to finish a flowless project on time.

Inspiration Interior Design can always use this project as a reference and a proof of their successful work. We highly recommend them for any professional Residential Design and Project Management.

We would always be pleased to provide a reference for the above company, if required.

Sincerely,

Maryam Ghardan
