TO WHOM IT MAY CONCERN

Re; Design and Supervision services at House No 1815, Queens Av., West Vancouver

Please allow this letter to serve as our recommendation for Inspiration Design Company and its manager Mrs. Parastoo Jafari, for design services in the above project, which is a high end 6000 S.F. Luxury house in West Vancouver.

We had the pleasure of working with the above company on this project for about two years during which the above company prepared building drawings and interior design documents and Parastoo Jafari directly assisted the construction and application of her design at the job site.

Paratoo's architectural education and training and her long years of international experience in building design, interior design and construction have served her as a great asset to be able to deliver precise construction documents and details directing the project successfully.

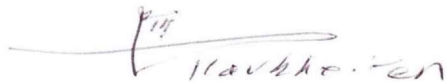

Her attention to details, ability to understand the issues, flexibility, work ethics and can-do attitude has resulted in delivering a quality work.

Inspiration Design Ltd. can always use this project and its images as a reference and an example of their successful work. They are free to take and use images of the whole project (Exterior & Interior) and to use the materials and images related to this project for their marketing and publications, it required.

We highly recommend Inspiration Design Company for any professional Residential projects.

I am pleased to provide a reference for Parastoo Jafari

Sincerely,
